Aspiring Software Engineer — CS Graduate — Experience in Web I& AI Applications

EDUCATION

Vassar College

Bachelor of Arts in Computer Science, Minor in Italian

Poughkeepsie, NY

Sept. 2020 – May 2024

EXPERIENCE

Software Engineer Fellow

Headstarter

June 2024 – Sept. 2024

New York, NY

- Built and deployed 5 full-stack AI web apps using React, Next.js, Firebase, Clerk, and Vercel, iterating through weekly sprints.
- Applied agile workflows, Git version control, and CI/CD best practices to improve development efficiency.
- Enhanced peer collaboration in classroom projects through structured teamwork strategies.

Innovation Lab Assistant

Vassar College

Sept. 2023 – May 2024

Poughkeepsie, NY

- Operated and maintained 3D printers, resin printers, laser cutters, and vinyl/sticker cutters.
- Guided students and faculty on lab equipment and project planning, ensuring successful outcomes and enriched learning.
- Delivered safety training sessions and boosted lab user confidence through hands-on workshops.
- Engaged with lab users to identify needs, improving satisfaction and project success rates.

Engineering Aide

Con Edison

July 2019 – Aug. 2019

New York, NY

- Assisted senior engineers with design modifications in Autodesk Inventor, improving technical accuracy.
- Streamlined workflows by supporting documentation, coordination, and efficiency initiatives.
- Gained foundational engineering experience in technical drafting and project planning.

PROJECTS

Toxiscan | toxiscan.vercel.app | *React, Next.js, JavaScript, Material-UI, Clerk, Barcode-detector*

Sept. 2024

- Built a web app leveraging Open Food Facts API to analyze food health/environmental risks.
- Integrated barcode scanning and Clerk authentication for fast, secure user access.

StudifyAI | ai-studify.vercel.app | *React, Next.js, Firebase, OpenAI, Clerk, Stripe API*

Aug. 2024

- Developed a SaaS platform that generates AI-powered flashcards with custom pricing tiers.
- Implemented Clerk authentication and Stripe API for secure subscription payments

RateMyProfessorAI | rate-my-professor-nu.vercel.app | *React, Next.js, OpenAI, Pinecone, Clerk, Stripe*

Aug. 2024

- Collaborated with 3 Fellows to build a chatbot using OpenAI + Pinecone RAG to answer student queries.
- Expanded datasets by writing a scraping script to include additional professors and schools.

ToxiGuide | chatbot-self-delta.vercel.app | *React, Next.js, Firebase, OpenAI*

Aug. 2024

- Created an AI support agent to handle Toxiscan-related queries with custom OpenAI prompts.
- Designed a user-friendly interface with integrated real-time responses.

PantryTrackz | pantry-mauve-gamma.vercel.app | *React, Next.js, Firebase*

Aug. 2024

- Built a real-time inventory management app for household items.
- Implemented Firebase authentication and data storage for seamless multi-device sync.

TECHNICAL SKILLS

Languages: Java, Python, Ocaml, C/C++, JavaScript, TypeScript, HTML/CSS

Frameworks: React/Next.js, React Native, Node.js, Material-UI

Developer Tools: Git, VS Code, Visual Studio, IntelliJ, Firebase, Clerk, Vercel

Libraries: pandas, NumPy, HuggingFace
